

REMARKS

The present application was filed with clear claims for priority in the opening paragraph of the specification concerning the cross-reference to related applications. Both claims for priority were not reflected on the Filing Receipt received from the Office and Applicants requested a Corrected Filing Receipt.

The request for a Corrected Filing Receipt was initially denied. In telephoning the P.T.O., Applicants were advised to enter an amendment to specify that the present application is a "continuation-in-part" (rather than a continuation or divisional). Applicants have therefore made the required amendment.

A second Request for a Corrected Filing Receipt is included herewith and Applicants respectfully request that the timely and proper claims for priority be listed on a Corrected Filing Receipt.

The amendment is supported by the application as filed and does not constitute new matter. The amendment complies with 37 C.F.R. § 1.121 and § 1.115 and entry of the amendment is proper. No fees are due in connection herewith. Should the Office have any questions or comments, a telephone call to the undersigned Applicants' representative is earnestly solicited.

Respectfully submitted,
